

Larry Lawton

Expert Witness

Trials, Sentencing, Prisons, Prison Release

Larry Lawton is the Founder and President of Lawton911 and the Reality Check Program DVD. A recognized expert on teen and young adult issues and the negative affect prison have on an individual. Larry is a certified paralegal, motivational speaker and ex-con with extensive knowledge of the C.F.R. (Code of Federal Regulations).

TRIALS: As an expert witness in cases involving drugs, robberies, assaults, white collar crimes, etc., the jurors hear from an expert witness that a person's past does matter. We all know the way a testimony is given is very important. Jurors connect with Larry and might believe your client is not guilty or at the very least, less culpable.

SENTENCING: Larry's expertise gives the Judge a reason to depart from the sentencing guidelines. When asked what affect a prison sentence will have on an individual, the Judge gets a different perspective and can make a better determination on what the proper sentence should be. At the very least, the Judge has a reason to sentence an individual at the bottom of the guidelines.

PRISONS: Understanding prison rules, policies, healthcare and conditions from a former ex-con is very important when it comes to 8th Amendment cases. Lawsuits against guards, prisons and federal, state or local government agencies need an expert to show a jury what goes on inside a prison. Larry spent extensive time in the "hole" (SHU – Special Housing Unit) and can explain the damage that has on a person. Prison officials are notorious for cover-ups and Larry can expose the corruption and falsehoods associated with your case.

PRISON RELEASE: Institutionalization is a fact and adjusting back into society is a process that Larry has faced and talks about in-depth. Going from incarceration to freedom has a lot of pitfalls and understanding what they are is very important.

“Larry Lawton is a valuable resource who brings hard-earned experience, enthusiasm and a genuine desire to help people to every case he works. He has "real world cred" that reaches people, both young and old, in a way that a parent, attorney, spouse or friend could not.”
